Dance Tote

Over the shoulder ballet shoe holder.

This children's bag is head, shoulders, knees and toes above the rest. With two large pockets, separated with breathable nylon, your little dancer can store damp clothing away from special treasures. Just like her dreams, it's big. But not too big for little hands to manage. Approximate size is 10"x11". A name card in a clear plastic pocket ensures each girl can identify her own bag. \$10
